Attorney-General Marshall's Reply to Hon. T. E. Jones: OFFICE OF THE ATTORNEY-GENERAL OF THE STATE OF CALIFORNIA, OFFICE OF THE ATTORNEY-GENERAL OF THE STATE OF CALIFORNIA, }
SAN FRANCISCO, March 18, 1884. }
HON. T. E. JONES—MY DEAR SIR: I have just received your letter of 15th. Dr. MacLennan has wonderful power. God only knows what it is: Galvanism, Magnetism, Electricity or Spiritualism; I do not know what! But he was of great and singular service to me. I would certainly try him if I were in your place. He has worked some wonderful cures within my knowledge. I do not pretend to understand the force he uses, nor do I think he is useful in every case, but in Nervous Depression, or Exhaustion, or any Nervous Affection, including Paralysis, I think he is very effective. Respectfully,

Charles Crocker, the railroad millionaire, cured of rheumatism in three treatments Prof. D. Gonzalez was given up by his physician to die of Sapped Vitality and Paralysis; was carried perfectly helpless to Dr. MacLennan and cured—now says: "In less than one month I was enabled to resume my occupation as Professor of Music and Violinist at the Tivoli Opera House, and ever since (for over three years) have continued in good health, without the slightest return of my weakness or disease."

Dr. Henry Slade says: "My case was considered incurable by the best physicians, but Dr. cLennan restored me the full use of my limbs in less than twenty minutes, being paralyzed

Dr. J. Wumhurst, M. D., M. R. C. S., now at Abbotsford House, says: "My hearing is completely restored by Dr. MacLennan's manipulation alone."

Rev. A. C. Giles, Mendocino, Cal., says: "The effect which your treatment had on me is truly wonderful. Altogether, I feel like a new man." Dr. J. L. Wilber, the noteddentist, is Third street, says: "I would not now be here had it not been for Dr. Mac." Rev. Thomas S. Griffith, Nortonville, writes: "I am much pleased at the sudden change in my brother's health."

Dr. C. E. Davis, St. Helena, Cal., cured of Nervous Prostration, says: "After four days' treatment I was entirely relieved. I have now got a good appetite and feel well."

Miss Emma James, San Leandro, Cal., for six years a crippled invalid, unable to stand or walk, given up by over a dozen doctors, took two weeks' treatment of Dr. MacLennan and recovered. Mr. C. W. Kennedy, Cloverdale, proprietor of the stage route to the Geysers—daughter cured of spasms by Dr. MacLennan, after the doctors had pronounced her case incurable.

Mr. J. S. Burlingame left Eureka, Nev., on a stretcher. After taking a few treatments of Dr. MacLennan he returned a well man. The Vital-Physical Treatment Is a positive cure for all Broken-down Constitutions, Nervous and General Debility, Weak Spines, Prolapsus and all kinds of Male and Female Weakness of a private nature, or otherwise, brought on either by abuse or excess, Diseased Liver, Kidneys, Stomach, Spleen, Heart, Lungs, Throat, Head, Eyes and Ears, Internal Ulcers, Loss of Voice, Weakness of the Limbs, Weak Back, Weak Eyes, Dyspepsia, Rheumatism, Asthma, Bronchitis, Deafness, Diabetes, Epilepsy, Consumption, Paralysis, Matured Tumors, Cancers and many other Chronic and Painful Diseases too numer-

CINCINNATI, October 14th .- The election in for it brought to the polls as workers a larger number of men than ever before. The presence !

of Deputy Marshals and Deputy Sheriffs was also a feature that gave unusual interest to vote. Under all these conditions it is a wonder that more serious outbreaks did not occur. In a number of wards, where the Democrats are the strongest, a force of Deputy Marshals were intimidated, and actually driven away, and the presence of colored men was a signal for assault. In one of these precincts a single Deputy Marshal was present in the afternoon, but he bore testimony with a black eye, to the rough treatment he had received in the early part of the day. In many voting places there was a large assembly of voters before the [SPECIAL BY TELEGRAPH TO THE RECORD-UNION.] polls opened, for the purpose of seeing that the opposite party took no undue advantage in the election of Judges and Clerks. latter the Democrats were successful. OHIO.

At midnight last night the returns from the State election in Ohio indicated that the State has gone Republican by about 20,000 majority, equivalent to a Republican gain of about 33,000 votes over the result of 1883. Public estimate has given this State election what has appeared to us abnormal importance. Except so far as Congressional districts are concerned, a State campaign is usually influenced by local issues and considerations that cannot enter into the vote for Presidential Electors. We should not therefore, have conceded to the Democracy a triumph in the National contest had Ohio gone on the local election for their ticket. So far as the prestige of success in a State election goes, it is important to a National party. But in the case of Ohio, much more of importance attached to the local election, because both parties have made it a test battle-ground, in a large degree, and one of the Presiden tial candidates practically canvassed the State upon national issues. The result in Ohio, therefore, is of great significance in estimating the probabilities of the contest in November. It testifies to the growing strength of Mr. Blaine's candidacy, and the small value the people place upon assaults with which it has met. It gives the Republican party the highest encouragement, and writes down a verdict of probable defeat against the Democratic ambition the Republicans, in the Presidential contest, carried Ohio over the Democrats by over 34,000, and in 1876 by 7,516. Since the birth of the Republican party the State has never cast a Democratic electoral vote, nor will it do so in 1884. In 1876 and 1880 Ohio men headed a national ticket, but in 1884 the State will give her vote for a Republi can President uninfluenced by such factors. For two years Ohio has, on State questions, been Democratic, while strongly Republican in National politics. This year she comes into the Republican ranks on State matters and strengthens her allegiance to the National party thereby. The victory now reasonable to claim, is cause for great not mislead Republicans into assuming the National battle won by their party. Enthusiasm over Ohio must not be per mitted to lessen the exertion to give Blaine positive assurance of election. In one respect the result in Ohio is of especial significance-Cincinnati, where so large a

The thought must suggest itself to the impartial that the assaults made upon Mr. Blaine by the "Independents" are mere disguises, from behind which a strenger motive operates. They really hope to advance free trade doctrine through the agency of the Democratic party, but they are deceived. It is scarcely thinkable that if Mr. Blaine had been a free trader in political faith, he would have been assailed by the men now assaulting him on the ground of defects in character. For it is noticeable that every "Independent" leader now engaged in throwing "mud" at him, is a free trader, but professes no love for the Democracy. Now it happens that a great many w. H. H. Free trade sentiment is not honestly repesented by the Democratic party. In one quarter Mr. Cleveland is vehemently presented as the leader of a party not in favor of free trade-as was done recently by a Congressional candidate in San Francisco. In another quarter the voters are assured that he is the exponent of pure free tradeism. The very platform upon which he stands is so vague as to be susceptible of

divers interpretations. It does not invite the confidence of any one class; it enables its advocates in widely differing sections to adapt it to the local current. It is a platform of deceit, therefore, and so cripples its chief candidate that he dare not discuss in his letters or otherwise the issue upon BUILDING MATERIALS, ETC. which his chief opponent is outspoken. He is driven to silence, and his fight, like

that of the "Independents," is from behind a mask. In the Convention that gave birth to the platform Governor Butler openly charged that the document was a shamall things to all men, and meaning nothing honesfly; and no man arose to beard him in that body, and controvert the charge ipon the integrity of the instrument. It is significant that ever since the day that

platform was adopted the canvass of Mr. Cleveland has been in keeping with the act of the Convention. It has consisted of abuse of Mr. Blaine, slander of the Republican party, a mouth cry for "reform," loud-sounding generalizations about the necessity of saving the country from ruin by a change of administration, and all such rubbish, but not a sincere word, nor a solitary vigorous debate on the stump, or in the press, upon the tariff. The party called certain free trade Republicans into camp; it threw a sop to Mr. Randall and a promise to Mr. Carlisle, and sealed
